As a school system employee, it's important to know whether you're contributing to Social Security. For Dalton Public Schools, Social Security taxes are being withheld from your paycheck, and you are earning credits toward federal retirement, disability, or survivor benefits under Title II of the Social Security Act. To qualify for these benefits, most people need 40 credits (roughly 10 years of work).

You are also enrolled in a pension/retirement plan: either TRS, PSERS, or ERS. If you're unsure of your status, review your paycheck or reach out to your Payroll Department for more information. You can find more information about the retirement plans here:

- TRS: <https://www.trsga.com/>
- PSERS: <https://www.ers.ga.gov/public-school-employees-retirement-system>
- ERS: <https://www.ers.ga.gov/>

Medical Coverage

State Health Benefit Plan (SHBP)

Dalton Public Schools participates in the State Health Benefit Plan. Refer to the Active Member Decision Guide for details.

SHBP Employer Contribution

The district funds a significant portion of your 2026 health insurance premiums: **\$1,885 per month / \$22,620 per year**. This financial contribution allows you to receive quality medical plan coverage at a competitive cost.

State Health Benefit Plan Overview

Anthem	
HRA Gold HRA Silver HRA Bronze	The Gold, Silver, and Bronze HRA plans have different HRA credits, deductibles, coinsurance levels, and out-of-pocket limits. Most services are subject to a deductible. Then, you pay coinsurance up to the out-of-pocket maximum. For prescription drugs, you pay a percentage of the retail cost, subject to a minimum and maximum amount. The HRA plans include a SHBP-funded Health Reimbursement Account (HRA) to provide first-dollar medical and pharmacy expenses. Unused HRA credits roll over to future years.
HMO	This plan has the lowest deductible and provides in-network coverage only. Some services, such as office visits, ER and prescription drugs, are covered at 100% after a copay. For most other services, you are responsible for a deductible and coinsurance until you meet your out-of-pocket maximum.
UnitedHealthcare	
HMO	Same benefits as the Anthem HMO, but utilizes the UnitedHealthcare provider network.
High Deductible Health Plan (HDHP)	Lowest premiums, highest deductible and out-of-pocket maximum. All services including pharmacy are subject to deductible and coinsurance. A Health Savings Account (HSA) is available with this plan.

Pharmacy Information

- CVS Caremark administers the pharmacy benefits for all of the medical plan options.
- You are not limited to CVS pharmacies for your retail prescription needs. The CVS Caremark pharmacy network is extensive, and participating pharmacy information is available (<https://info.caremark.com/oe/shbp>).
- For your convenience, you may purchase a 90-day supply at participating in-network pharmacies through the retail benefit or via mail order.
- Certain drug costs are waived if SHBP is primary and you actively participate in the Coronary Artery Disease (CAD), Diabetes, Asthma Disease Management Programs and/or Medication for Addiction Treatment Programs.

Flexible Spending Accounts (FSA)

With an FSA, a portion of your paycheck is withheld before taxes and put into a special account to pay for eligible healthcare and dependent care expenses. Examples of common eligible healthcare expenses are deductibles, doctor visit copays, prescription copays, dental and vision expenses and more. Because you do not receive the money in your paycheck, you do not pay taxes on this money. Plus, the reimbursements are tax-free. Visit www.tasconline.com to learn more.

How It Works

All FSA plan members receive a Welcome Kit and TASC debit card. This debit card can be used at the point-of-service to pay for your health and dependent care expenses. Using a debit card is a convenient way to use your FSA plan. The funds are debited from the account and paid to the doctor's office, pharmacy, or day care facility directly at the time of purchase. When the debit card is not accepted, you are required to pay for the expense and submit a claim form for reimbursement. We encourage you to retain all receipts, even for debit card purchases which may be requested in the event of a personal tax audit.

Use It or Lose It

The IRS requires that any unused money in your account at the end of the plan year must be retained by your employer. It cannot be used by you for future expenses. If you have a balance, try to make purchases before the end of the grace period, by March 15, 2027. Purchases can be made for items like eyeglasses, prescription sunglasses, and over-the-counter medications and supplies.

Note: You can file your claims within 15 days after the end of the grace period.

Grace Period

If you have not spent all of the funds in your Healthcare or Dependent Care FSA prior to the end of the plan year, you may continue to incur claims for expenses during the grace period. The grace period for incurred claims is 2 ½ months after the end of the plan year.

Eligible Healthcare FSA Expenses

- Are incurred during your FSA plan year
- Are not eligible for reimbursement from any other source
- Require documentation from the provider of the services or supplies which shows the amount of each expense and the date it was incurred
- Include deductibles, copays, out-of-pocket dental and vision expenses, and more

Eligible Dependent Care FSA Expenses

- Licensed daycare expenses (children up to age 13)
- Adult day care expenses
- Before and after-school care, nanny/au pair expenses

**Special requirements must be met for expenses to be reimbursable using the Dependent Care FSA.*

MYTASC: Online Account Management

As an FSA member, you have the ability to manage your account online or on your mobile device through MyTASC Online Account Management. Some of the member capabilities include:

- Viewing your current account balance, claims, and benefits
- Viewing your payroll contributions
- Subscribing to email and text notifications for balance information, reimbursement requests, and payments
- Submitting claims and viewing reimbursement requests

2026 Plan Maximums

- Healthcare FSA: **\$3,400**
- Dependent Care FSA: **\$7,500**

Monthly Administrative Fee

The monthly administrative fee for the FSA plan is assessed to the participants. Should you participate in the FSA, you will incur a **\$4.40** per month post-tax deduction for the FSA plan.

FLEXIBLE SPENDING ACCOUNTS (FSA)

About Manual FSA Claim Filing

If your provider/vendor doesn't accept the debit card, and you need to file a claim for reimbursement, please follow the instructions below:

- Pay for the expense with cash, check or credit card. Important: Retain the receipt for your records.
- Login to your account at www.tasconline.com, and click Request for Reimbursement Wizard.
- Follow the instructions to enter your reimbursement request.
- Complete claim form (VeriFlex Coversheet) and attach the receipt(s).
- Claims may be mailed, faxes, or submitted online on the portal or mobile app.

MyBenefits and MyCash

TASC has enhanced technology to provide additional convenience and expedite your FSA claim reimbursements. If you are not registered for direct deposit, TASC provides your FSA claim reimbursements directly onto your debit card. You will have a MyCash fund on your debit card for reimbursements of manual claims only. (If you use your debit card for all of your FSA claims, you will not have MyCash funds on your card.)

You have two buckets of money on your debit card once you begin receiving manual reimbursements from your FSA plan.

MyBenefits: This bucket is used for eligible healthcare and/or dependent care expenses.

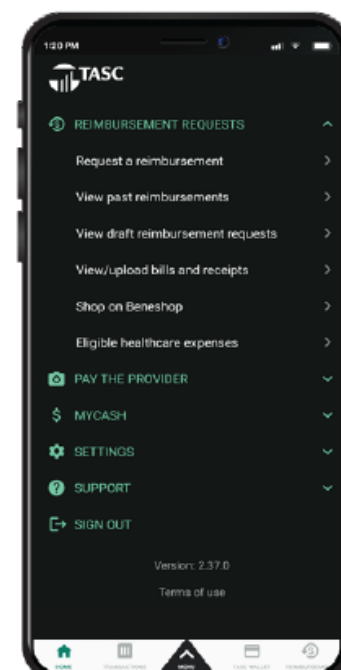

MyCash: This bucket of money may be used for any purpose of your choice. Again, this will only be for manual FSA claim reimbursements. When you receive claim reimbursements from your FSA plan if you are not registered for direct deposit, the funds are deposited into the MyCash account on your debit card. You have a few ways to retrieve your money from your MyCash account:

- Use your debit card at an ATM (upon request of a PIN) to withdraw your money.
- You may transfer money into your personal bank account from your MyCash fund.
- You may use your MyCash fund with your debit card at vendors who accept Visa for any purchases.

Contact TASC at (800) 422-4661 for detailed questions about your FSA plan.

TASC Mobile Tools

TASC Mobile offers a free mobile app and text messaging option for FSA participants to access your accounts from anywhere at any time. You will enjoy convenient mobile options to check balances, view transaction details, request a reimbursement, and submit documentation on the go.

Teachers Retirement System (TRS)

The Teachers Retirement System (TRS) is a defined benefit plan providing a guaranteed monthly retirement income. Eligible employees include those working half-time or more in positions such as teachers, administrators, paraprofessionals, clerical staff, public school nurses, and certain supervisors or managers.

Your TRS account is funded by you and Dalton Public Schools. Employees contribute 6% of earnings and the district contributes **21.91%** of earnings to the account (effective July 1, 2025).

Public School Employees Retirement System (PSERS)

The Public School Employees Retirement System (PSERS) is a defined benefit plan that provides guaranteed monthly retirement income for public school employees not eligible for the Teachers Retirement System (TRS). PSERS covers non-supervisory positions in Maintenance, Food Service, Transportation, and Custodial functions. Employees hired before July 1, 2012, contribute \$4 per month for 9 months annually (\$36 per year), while those hired on or after July 1, 2012, contribute \$10 per month for 9 months annually (\$90 per year). Retirement benefits are calculated as **\$17.00** per month for each year of service, and employees become vested after 10 years of service. Dalton Public Schools will make a 1% base contribution and match 50% of the first 4% of salary into a supplemental 403b retirement plan for those employees covered under PSERS.
